I run or bike the Bracken trails at least once (sometimes more) a week. I love the easy access!!! More Please + Thank you.

**COMMENT:**

this trail is already bringing biking tourists in!

**COMMENT:**

Glad to have this trail system in the area - my son's class was 1 of the 1st to actually camp there a few years back. Excite for them!

**COMMENT:**

would like to see hiking only trails too. Bike trails get eroded.

**COMMENT:**

It's a great trail to hike!

**COMMENT:**

Keep building trails!

## BRACKEN PRESERVE

**COMMENT:**

Please let me help find raise for all fun things. Need more trails in Bracken! This is such a huge gem in Brevard. What a great way

**COMMENT:**

to connect riders/runners/hikers to enter Pisgah National forest. This would bring more tourist \$ into downtown. Also it will be an additional access for people to take some pressure off the 276 forest entrance.

**COMMENT:**

The trail expansion is very important. Please invest. Please advertise public input! Bracken linkages will improve health & welfare & is good for businesses.

**COMMENT:**

Love these trails, so convenient to town and look forward to more.

**COMMENT:**

**COMMENT:**

Look forward to a more gradual climb!
