DOG PARK

COMMENT:

SUGGEST A SHELTER (NO SIDES)

COMMENT:

HURRY! I'm tired of driving to Mills River!

COMMENT:

Yes!

COMMENT:

Yes!!! Desperately needed. We are the only town in the area without one. Our town is very dog friendly.

COMMENT:

Yeah!

COMMENT:

Seems like a logical place to put it - there's already activities + noise, so shouldn't bother any one.

DOG PARK

COMMENT: Location is fantastic
but could we have some close handicapped
parking - dogs of those with limited
mobility need to run and frolic.

COMMENT:
Dog park is a good idea.

COMMENT: Great idea - sooner the better!

COMMENT: I have dogs & have been to dog parks. I
believe that many people who think a dog park is
a good idea have never been to one. These parks
tend to be dirty (litter & animal waste), aggressive
animals, dogs w/out proper shots, kids running

COMMENT: all over. Most ^{dog} parks tend to fall
out of favor pretty quickly. IMHO not the
best use of money or space.

COMMENT: Great idea; sooner the better!
