

## MARY C. JENKINS COMMUNITY CENTER

**COMMENT:** Do this before depot - put restrooms for public and tannery property here -

**COMMENT:** Beyond grateful and happy that this is going to happen for the Rosenwald + broader community. It's been a long time coming + is so valuable.

**COMMENT:** This is a good project that will serve a rather neglected part of town.

**COMMENT:** This is much needed and a great opportunity to shine the spotlight on the Rosenwald community + the many great families who live there.

**COMMENT:** This is an excellent project that would mean a lot to the Rosenwald community. An excellent connector for a neglected part of our town.

**COMMENT:** PLEASE BUILD THIS BEFORE THE DEPOT!  
THIS WILL ENCOURGE ECONOMIC DEVELOPMENT  
IN ROSENWALD COMMUNITY.

## MARY C. JENKINS COMMUNITY CENTER

**COMMENT:**

Community Center can be designed to include multiple meeting rooms and meet community needs. For meeting space rather than building meeting space into 'Train Depot' Project.

**COMMENT:**

Please don't pave parking areas. Gravel helps with rain water control! Please use solar & LEED building techniques

**COMMENT:**

Really excited about this!
