### **Revised Plan for the Streetscape Pilot Program Presented to City Council**

The renderings above depict a conceptual plan presented to City Council on June 15th for constructing temporary parklets on East Main Street which would allow the businesses downtown to utilize the parking spaces and bricked area for outdoor dining. The joint partnership, including the City, the Heart of Brevard, and the Downtown Master Plan Committee, continues to closely evaluate and respond to feedback.

If you would like to watch the City Council presentation and discussion, please go to the Transylvania County Facebook page or <https://bit.ly/30OR5bU> and start the video at 1:54:20. The partnership will continue to release information about the Streetscape Pilot Program timeline as it becomes available.
